

Ward 3 MPD Adult Arrest Summary, 2023-2024

Background

MPD recently made its annual public release of Adult Arrests data, covering 19,263 arrests in 2024. This data represents the first full year of data available since Chief Smith took office in November of 2023, and reveals major changes in policing strategy over that timeframe. This report begins with an overview of citywide trends, and then explores the data specific to Ward 3.

This adult arrest data is taken from the Open Data DC website. DC resident and data scientist Taylor Terry maintains an archive of this and other DC public data at <https://github.com/taylorterry3/dc-public-data>. A complete index of these reports for each Ward is available at <http://bit.ly/4iG0Uht>. Taylor can be reached at taylor.terry@gmail.com.

Citywide Overview

In 2024 there were 19,263 adult arrests citywide, a +27% change from 2023 and a +30% change from the 2021-2023 average. This represents a substantial increase in arrests per sworn officer, which fell sharply after 2020 from an average of 7.7 arrests per officer per year in 2016-2019 to 4.3 in 2021-2023.

Ward 3 Overview
